## Summary

V-semester student of Informatics Engineering.

I worked for 5 years at a Security Systems & Building Technologies company, before I decided to continue my education to the next level.

Because of the connections and also the skills I got while working, I was asked several times to help complete several field projects such as one of them, the LRT Jakarta Phase 1 fire alarm system project which is currently a part-time job in between my classes.

## Experience

### Technical Engineer
Freelancer
Mar 2021 - Present (2 years 2 months)
I provide services in the field of security systems, such as CCTV, Fire Alarm, Access Controll, Bariear Gate, and Automation System. Starting from project budget estimation, project planning, electrical wiring, and quality control.

One of the projects I worked on was the LRT Phase 1 Fire Alarm System starting from the station to the depot.

### Technical Engineer
PT Axia Prima Sejahtera
Oct 2015 - Feb 2021 (5 years 5 months)
Axia Prima Sejahtera, PT is an Indonesian company that seriously providing security system / technologies and equipment of technologies products with high quality, reliable and world class standard which are provided by several big countries leading in security system & equipment products such as Germany, USA, Canada, Denmark, India, South Korea, China, Japan & Taiwan.
